Nexans Australia
Quality Policy

Nexans Australia is a manufacturer and importer of electrical cables with more than 65 years of experience, providing a full range of general purpose fixed and flexible cable, special purpose cables, technical service and cable design.

Nexans Australia is committed to providing a high level of customer satisfaction by continually striving to achieve world's best practice in all aspects of its business. We pride ourselves on delivering quality products and services in an agreed and timely manner.

Our aim is to work with our suppliers and customers to achieve excellence in satisfying our customers' needs. We will do this by using measurable quality objectives to promote continual improvement and to improve the effectiveness of the Quality Management System.

To support this commitment to quality, Nexans will use measurable quality objectives to:

- Comply with all elements of ISO 9001 standard, applicable legislative standards, all relevant AS/NZS and international standards for manufacture of product.
- To integrate Nexans Excellence Way (NEW) and industrial processes as best practices.
- Encourage employee communication, consultation and participation in the development, implementation and maintenance of the integrated Quality Management System.
- Establish measure, review and communicate key performance indicators.

Nexans employees take responsibility for the quality of the business processes in which they participate in and are engaged to work as a team with the upmost integrity, transparency and respect.

Nexans will provide the required training and support to ensure that the organization has the necessary skills for effective objective setting, problem solving, decision making and performance improvement.

Greg Stack
Chief Executive Officer
Australia
